MERIEN DAKA DESIGN GROUP

187 S. OLD WOODWARD, STE. 250, BIRMINGHAM, MI 48009 | 248-804-1411 | MERIENDAKADESIGNGROUP.COM

Innovation, authenticity, and a goal to make each home distinguishable are what make Merien Daka and her designs sought-after.

Trained and educated as an interior architect, Daka's versatility allows her to reimagine any space into an enviable part of the home. As founder of Merien Daka Design Group, she seeks to create a vision and then execute it for each client, designing one-of-a-kind environments that are tailored to each client's unique taste, with an emphasis on skillfully executed, flawless design.

Daka's versatile approach is inspired by travel, as she absorbs various cultures, architecture, and art, and introduces her clients to concepts that have moved her. Clients have described Daka as a "modern visionary" in how she approaches and executes projects, creating timeless spaces.

Her promise is that each client will receive a space that evokes warmth and comfort through fine craftsmanship, well-curated furnishings, and art that complements the home's architecture.
